

International Union of Biological Sciences

Alexey Kotov

IUBS Executive Committee Member

Biomat 2017

17th International Symposium on Mathematical and Computational Biology
29 October - 4 November 2017, Moscow, Russia.

The **International Union of Biological Sciences** is a non–governmental, non-profit organisation created in 1919.

The centenary of the Union will be celebrated at the next General Assembly in 2019 in Oslo.

IUBS objectives:

- to promote the study of biological sciences
- to support scientific programmes and conferences
- to initiate, facilitate and coordinate international and interdisciplinary cooperation

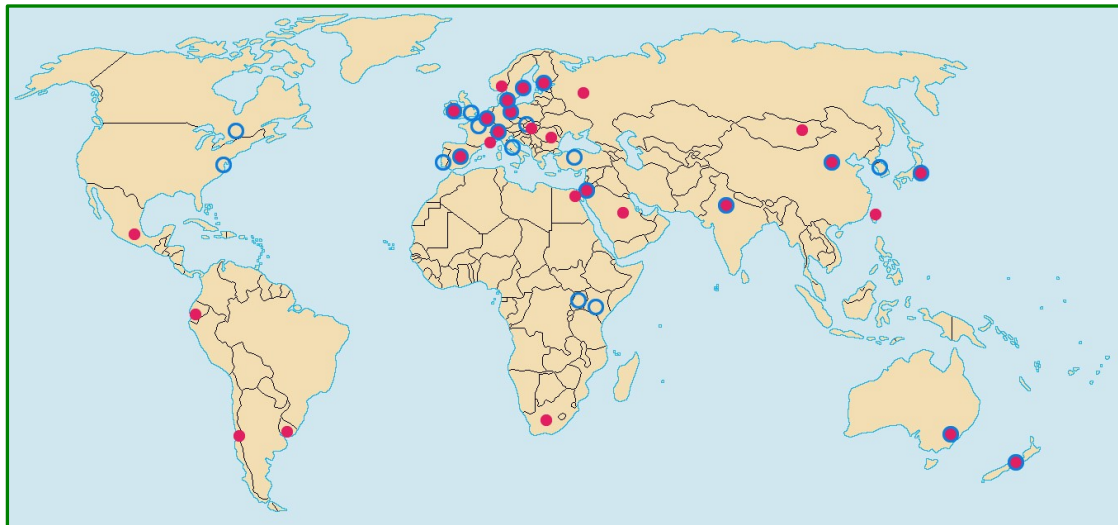

IUBS is a member of **ICSU**,
the International Council for Science belongs to the Bio Unions cluster.

National Members: ●

28 countries adhering through Academies of Sciences, National Research Councils...

Scientific Members: ○

84 international science associations or societies representing a biological discipline or a discipline relevant to the scientific study of biology

IUBS Activities

Total Budget — about 200 000 euros

Among them — 180 000 euros are dues of the Natinal Members

Due of Russia — 40 000 euros is paid through RAS

(Support of different conferences in Russia through IUBS — more than 20 000 euros)

A single «proffessional» official

Nathalie Fomproix, Executive Director

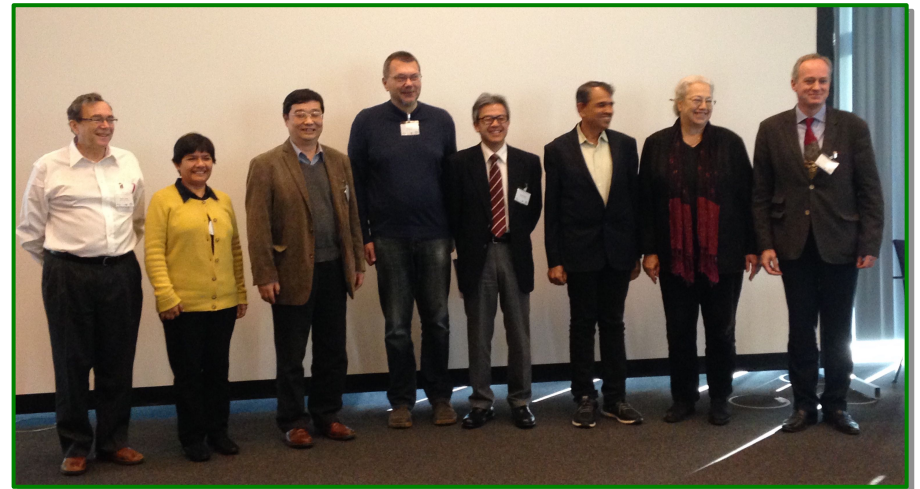

Executive Committee

The IUBS is governed by an Executive Committee, elected for three years, the period between two consecutive General Assemblies.

The current Executive Committee consists of :

- **Hiroyuki Takeda** (*President, Japan*)
- **Regine Jahn** (*Vice-President, Germany*)
- **L.S. Shashidhara** (*Secretary General, India*)
- **Santiago Merino** (*Treasurer, Spain*)
- **Peter Kevan** (*Executive Member, ICPBR*)
- **Alexey Kotov** (*Executive Member, Russia*)
- **Lily Rodriguez** (*Executive Member, WCH*)
- **Yongbiao Xue** (*Executive Member, China Beijing*)

IUBS Activities

Scientific programmes

At each General Assembly, scientific programmes are implemented for the upcoming triennium. IUBS provides seed funding and the programmes are annually reviewed.

New initiatives

The Executive Committee can decide to implement new project during the triennium.

Collaborative projects with other Unions

IUBS is involved in 2 of the 3 projects recently awarded by ICSU.

Biomeducation

It is a transversal activity of IUBS.

Conference sponsoring

IUBS provides seed funding to organize conferences in IUBS member countries.

Young scientists grant

IUBS supports the participation of young scientists in conferences linked with IUBS activities.

Publication

IUBS can participate in the publication of scientific reports.

Conference sponsoring

Conferences sponsored by IUBS in 2016 and 2017

📅 *"The 28th Conference of European Comparative Endocrinologists (CECE2016)"* 21-25 August 2016 in Leuven, Belgium.

📅 *"The European Meeting for PhD students in Evolutionary Biology 2016 "* 11-15 September 2016 in Gotland, Sweden.

📅 *"The 22nd International Congress of Zoology"* 14 to 17 November 2016 in Okinawa, Japan.

📅 *"Global change impact on diseases and alien species expansion"* with IUM, 2 -6 May 2016 in Cape Town, South Africa

📅 *"Annual Meeting of the German Zoological Society"* on 12-15 September 2017 in Germany

📅 *"The 4th International Congress on Invertebrate Morphology"* on 18-23 August 2017 in Moscow, Russia

📅 *"Trends in plant-pollinator interactions in the tropics",* 10th July 2017 in Mexico

📅 *"The Fifth International Symposium Alien Species in the Holarctic: Borok V"* on 25-30 September 2017 in Uglich, Yaroslavl Area, Russia.

Young scientists grant

Young scientists grants in 2016 and 2017

- 📅 3rd Science for Biodiversity Forum : *"Mainstreaming Biodiversity for well-being: Contributions from Science"*, 1& 2 December 2016, Cancun, Mexico,
- 📅 *"The 4th International Congress on Invertebrate Morphology"* on 18-23 August 2017 in Moscow Russia
- 📅 *"The Fifth International Symposium Alien Species in the Holarctic: Borok V"* on 25-30 September 2017 in Uglich, Yaroslavl Area, Russia.
- 📅 ***"BIOMAT 2017 – 17th International Symposium on Mathematical and Computational Biology"*** from 29 October to 4 November 2017 in Moscow Russia
